Attention Intrepid Jungle Explorers!

Join us for an adventure to one of the world's last frontiers, Papua Indonesia (formerly Irian Jaya). Home of headhunters and missionaries (there's a difference?).

Sentani Hospital: muddy, remote, on the "front line" of medical ministry in the jungle. Staff homes and hospital additions are waiting for the bravest of our bunch to swing a hammer.

Estimated cost: \$2,200 per person for two to four weeks. Probably a late summer or fall project. Call Dave (360) 423-5022.

LATIN AMERICA

Let us know if you are interested in doing a project with Duane Atkinson south of the border this year or next!

We have requests from Honduras and the Dominican Republic.

SENTANI
HOSPITAL AND
STAFF HOMES

Pssst.

IF you've ever wanted to see Singapore, you'll have a chance en route to and from the **Sentani Project!**

Medical Ministry in the Middle East — building new staff apartments and renovating existing staff housing at a major medical installation (in a country not currently involved in hostilities). Call for details; if you can go for a few weeks or a few months.

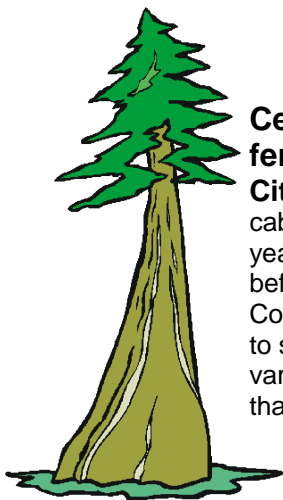

Goodmans to take on Home Office Responsibilities

After a couple of years in the field for Hard Hats, Byron and Lois Goodman, formerly of Papua, New Guinea, Thailand, Michigan, and California, will be residing in Southwest Washington state beginning July 1st. Byron will assume the Project Coordinators position as Dave Williamson takes on the role of Vice President. Lois will be assisting in the office, filling in as receptionist during Brenda's days off and taking on special projects in the home office. We are looking forward to having them around "home" for awhile!

Cedine Camp and Conference Center—Spring City, TN

—Building ten new cabins over the next several years. Must complete new one before tearing down old ones. Could really use a team leader to stay longer term, coordinating various volunteer work crews that come to the camp.

35th Anniversary Banquets are planned for 2005. If you would like to have one in your area, and can help put it together, please let us know.
